

U-MULTIRANK 2021

Austrian Universities in Global Comparison

U-MULTIRANK 2021

U-Multirank is a unique, multidimensional and international ranking of higher education institutions. It compares university performance across teaching and learning, research, knowledge transfer, international orientation and regional engagement.

It is the largest and most inclusive ranking showcasing the diversity in higher education around the world. It is not a league table and does not use composite indicators, nor reputation weights. Therefore, there is no one best university in U-Multirank. The performance of a university is presented with individual scores – graded from 'A' (very good) to 'E' (weak) across the different areas.

U-Multirank's 2021 edition presents data on 26 Austrian higher education institutions. For the full list of all universities from Austria included in U-Multirank, please visit our [website](#).

AT A GLANCE: HOW DO AUSTRIAN UNIVERSITIES FARE IN U-MULTIRANK?

- 26 Higher education institutions from Austria are included in the 2021 edition of U-Multirank, 16 universities and 10 universities of applied sciences.
- In U-Multirank, Austria's higher education institutions perform strongest in the International Orientation dimension with 84% of all indicator scores better than average (groups 'A' or 'B'). In the Research dimension 58% of all indicator scores are above average.
- Three Austrian institutions are part of the 'Top 25 Performers' in the 2021 edition of U-Multirank. Montanuniversität Leoben and Vorarlberg University of Applied Sciences are among the global top 25 in co-publications with industrial partners, while University of Applied Sciences Kufstein Tirol is listed for student mobility.
- The Austrian universities with the highest number of top group positions ('A' scores) are Graz University of Technology (14 top scores), Johannes Kepler University Linz (14) and Management Center Innsbruck (14).
- Management Center Innsbruck is listed among the global Top 25 in our new Collaboration Index.

WHICH ARE THE TOP PERFORMING UNIVERSITIES IN AUSTRIA?

Graz University of Technology received the highest number of 'A' (very good) scores on the institutional level for Austria in 2021.

In this section we highlight the universities receiving the highest number of 'A' (very good) scores on the institutional level for the respective country.

Although the number of 'A' scores shows top performance for the respective university, it does not imply one university is the 'best' in the country, as each university profile highlights different strengths.

Austrian universities with the highest number of overall top scores in 2021	Total 'A' scores 2021	Total 'A' scores 2020
<u>Graz University of Technology</u>	14 ↑	13
<u>Johannes Kepler University Linz</u>	14 ↑	11
<u>Management Center Innsbruck (MCI)</u>	14 ↑	8
<u>WU Vienna University of Economics and Business</u>	11 ↑	9
<u>Central European University</u>	10 ↑	8
<u>University of Klagenfurt</u>	10 ↑	9
<u>Paris Lodron University of Salzburg</u>	10 ↑	8

The list includes different profiles of institutions: comprehensive universities, as well as business schools and technical universities.

WHAT ARE THE PERFORMANCE PROFILES OF AUSTRIA'S TOP SCORING UNIVERSITIES?

Using our unique sunburst chart, a clear picture is shown of the university's overall performance (the longer the bar, the higher the score).

U-MULTIRANK PRESENTS SUNBURSTS

PERFORMANCE INDICATORS

TEACHING & LEARNING	1 Bachelor graduation rate
	2 Masters graduation rate
	3 Graduating on time (Bachelors)
	4 Graduating on time (Masters)
RESEARCH	5 External research income
	6 Research publications (size-normalized)
	7 Art related output
	8 Citation rate
	9 Topiced publications
	10 Interdisciplinary publications
	11 Post-doc positions
KNOWLEDGE TRANSFER	12 Income from private sources
	13 Co-publications with industrial partners
	14 Patents awarded (size-normalized)
	15 Industry co-patents
	16 Spin-offs
	17 Publications cited in patents
	18 Income from continuous professional development
	19 Foreign language bachelor programmes
INTERNATIONAL ORIENTATION	20 Foreign language master programmes
	21 Student mobility
	22 International academic staff
	23 International doctorate degrees
	24 International joint publications

WHAT DO AUSTRIAN UNIVERSITIES DO BEST?

Five Austrian universities have achieved a global Top 25 score in
2021

TOP 25 * PERFORMING UNIVERSITIES IN CO-PUBLICATIONS WITH INDUSTRIAL PARTNERS

By U-Multirank

In this list we present the U-Multirank 2021 top performers on the indicator 'co-publications with industrial partners'. This indicator addresses the level of collaboration between universities and industry. The more research is carried out with industrial partners, the more likely it is that knowledge transfer takes place between academia and business/industry.

*Due to a tie the list includes 26 institutions

**For the full lists of all global Top 25 performers, please visit our [website](#).*

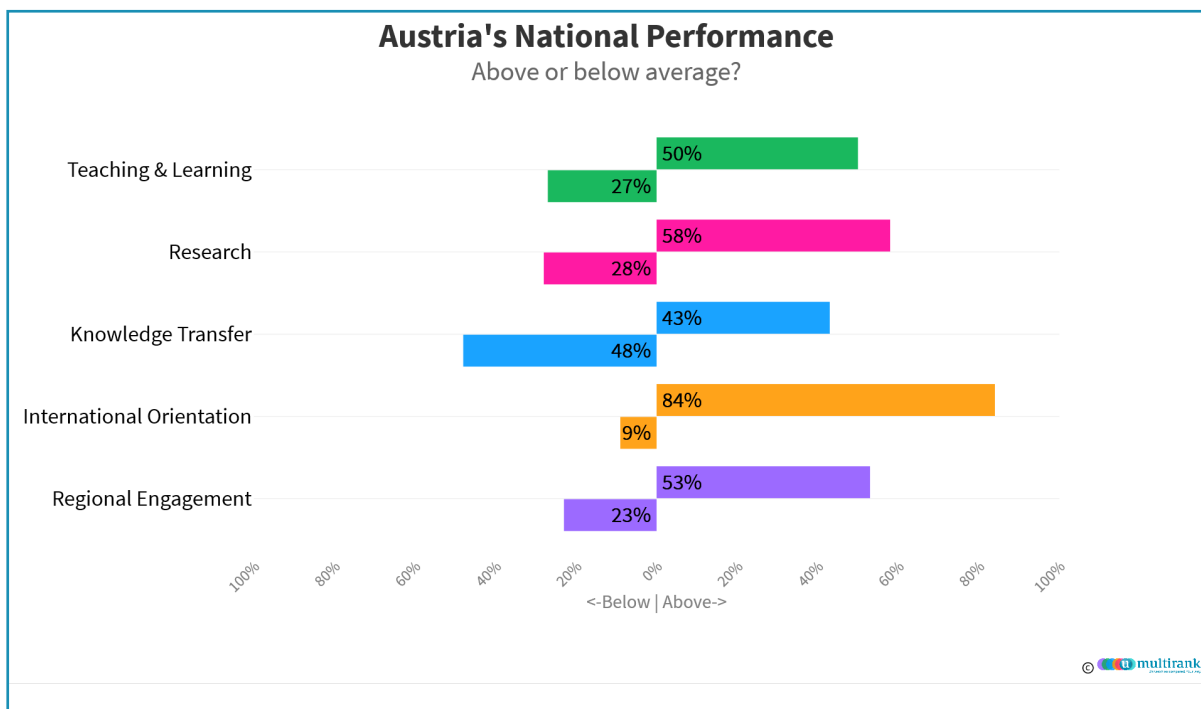

HOW DO AUSTRIAN UNIVERSITIES PERFORM GLOBALLY?

Austrian higher education institutions perform strongest in U-Multirank's International Orientation dimension.

Above or below average?

In this section we highlight the overall performance of Austrian universities on the institutional level per U-Multirank dimension.

The below table shows the national breakdown of Austrian universities and how they stand across the spectrum of above average (receiving a score of 'A' (very good) or 'B' (good)), or below average (receiving a score of 'D' (below average) or 'E' (weak)). In doing so, U-Multirank offers a clear picture on the countries strengths, and areas for improvement.

APPENDIX

DETAILED RESULTS

If you want to analyse further the performance of the universities in your country you can click the following links.

The below links lead directly to the national results pages where we pre-filtered the universities in your country into one list (for the university as a whole and for the subject areas included in U-Multirank so far). You can use the table to produce national rankings (see image below), or for personalised interactive analyses with the data.

If you're interested in tailor-made tables (institutional level, subject level, or with a specific focus in mind, such as internationalisation), please contact us, at info@umultirank.org. These links are also accessible via your country's 'Study in' page.

WHAT IS U-MULTIRANK?

U-Multirank is a multidimensional, user-driven approach to international ranking of higher education institutions. It compares the performances of higher education institutions – in short: universities – in the five dimensions of university activity:

(1) teaching and learning, (2) research, (3) knowledge transfer, (4) international orientation and (5) regional engagement.

The U-Multirank web tool enables comparisons at the level of the university as a whole and at the level of specific study programmes. Based on empirical data, U-Multirank compares institutions with similar institutional profiles ('like-with-like') and allows users to develop their own personalised rankings by selecting indicators in terms of their own preferences.

Based on the results of a feasibility study covering 150 universities which was carried out in 2010/11, the European Commission decided to fund the implementation of U-Multirank. This roll out is carried out by a consortium led by Professor Frans van Vught of the Center for Higher Education Policy Studies (CHEPS), University of Twente in the Netherlands and Professor Frank Ziegele of the Centre for Higher Education (CHE) in Germany as well as the Centre for Science and Technology Studies (CWTS) from Leiden University and Fundacion CYD. U-Multirank is funded by the European Commission, the Bertelsmann Foundation and Banco Santander. The consortium also works closely with a range of national ranking partners and stakeholder organisations.

The work of the U-Multirank consortium is overseen by an Advisory Board.
