

AUSTRALIAN UNIVERSITIES IN GLOBAL COMPARISON

2021 STUDENT REPORT

Finding the best university, study programme or student exchange can be hard. To help students through that process U-Multirank has worked to create a new type of university ranking tool, giving you the power to compare according to what matters most to you. With more than 100,000 students taking part in U-Multirank's annual student survey, it gives you valuable peer-to-peer feedback for some 2,000 universities and colleges from 97 countries worldwide. From this information you can create your own personalised university rankings, comparing them in the areas of teaching & learning, research, knowledge exchange, internationalisation and regional engagement.

U-Multirank's student reports highlight the national performance of universities in Australia. The 2021 edition features 39 Australian universities. For the full list of all universities from Australia included in U-Multirank, please visit our master list of universities.

NATIONAL PERFORMANCE OF AUSTRALIA

U-Multirank makes transparent the strengths of a country's higher education system. In its latest edition, Australian universities show their strongest performance in International Orientation.

TOP PERFORMING UNIVERSITIES IN AUSTRALIA

In this section we highlight the universities receiving the highest number of 'A' (very good) scores on the institutional level for Australia. Although the number of 'A' scores shows top performance for the respective university, it does not imply one university is the 'best' in the country, as each university profile highlights different strengths.

University of South Australia	15 'A' scores
University of Queensland	13 'A' scores
Queensland University of Technology	11 'A' scores
University of Melbourne	11 'A' scores
University of New South Wales	11 'A' scores

LOOKING AT STUDENT MOBILITY

In this section we highlight the universities with the highest student mobility. Rather than only looking at unilateral movement, U-Multirank measures student mobility with both incoming and outgoing students in mind, giving a more well-rounded view on how internationally diverse the student body is. Students interested in this area should explore comparisons according to international orientation.

University of Queensland
Queensland University of Technology
University of South Australia
University of Wollongong
Western Sydney University

TOP SAFEST CITIES IN AUSTRALIA FOR STUDENTS

At U-Multirank, we understand that safety can play an important factor when deciding where to study. That's why we include information from the Numbeo Safety Index. The positions (ranging from 1 to 442) and scores (ranging from 0 to 100) are based on a global comparison of cities*.

*The scores are based on surveys conducted by Numbeo for cross-country comparisons (Source: Numbeo.com - 21.09.2021)

SAFEST CITIES	NUMBEO SAFETY INDEX POSITION	NUMBEO SAFETY SCORE
Canberra	26	77.72
Adelaide	81	71.21
Hobart	115	67.02
Sydney	119	66.53
Brisbane	125	65.47
